SENIOR STYLE

Glam For The Gals

- › We take most of these photos in the summer! We recommend that you wear sunscreen and keep from getting burnt within 3 days of your shoot so you aren't red and peeling in your photos!
- › We provide hairspray but if you have a favorite, bring your own. Also bring your straightener/curling iron for touch ups if you would like. In Florida, humidity frizz is a real thing - we want to make sure your hair looks as put together as possible.

Grooming For Guys

- › We are all about beards but we know parents may not always like them for photos! Decide with a parent if you're going to have facial hair for your photos and please make sure it is groomed and clean.
- › Make sure your hair is brushed the way you want it - but just in case, bring your brush or comb with you!
- › Our portrait sessions mostly happen in the summer. If you know you're going to be taking your photos, try to wear sunscreen and keep from getting burnt within 3 days of your shoot so you aren't red and peeling in your photos.
